WORKING HOLIDAY, EMPLOYMENT AND PERSONAL DEVELOPMENT SPECIALISTS

TRAVEL / WORK / ADVENTURE / GROWTH

PATHWAYS - Our programme has been providing pathways to Australian working Adventures for young people from all round the world since 1991.

SERVICE / PROGRAMMES - Our service includes welcome, set up, workplace preparation and training, promotion to a wide network of employers, job placement and ongoing support services. Programmes range from 3-12 months, and total stay can be up to 3 years.

SECTORS - We specialise in Agricultural, Equine, Hospitality & Tourism, Customer Service, Childcare, Domestic, and mixed roles that combine one or more of these sectors. We have a large, growing network of trusted employers all over Australia.

GROUP STARTS - Our programmes are run weekly all year round. Participants join in a group, providing the opportunity to start and share the adventure with like minded work & travel adventurers. Employment is usually on an individual basis.

PERSONAL AND CAREER DEVELOPMENT - This is our main aim. Our programmes are designed to build capacity, confidence and increase personal skills and experience, accelerating the development of transferable life and career skills.

FUN AND REWARD - The programmes are also designed to be challenging, rewarding and fun. They provide a real working wage and a genuine opportunity to save, or fund further adventure and travels.
